## QOTFU QUOTES & RUMORS

**REAL INFORMATION,  
STORIES & JUST PLAIN  
BULLSHIT:** from Qotfu,  
Contributors & Spies.

The long hot summer is finally (I hope) over. Windows are open for beautiful days & cool nights: A break on our ridiculous energy bills.

## H-D 100<sup>th</sup> Anniversary Party Milwaukee

The last week in Aug., **Sktzo**, myself, **Lite** and **Luke** took off on the "Bus", aka motor home, pulling the bikes on a trailer. We were headed for the HD 100<sup>th</sup> Anniversary Party in Milwaukee. As it started to rain, (and continued to rain off and on for a week), we remembered previous cross country rides in the wind, rain, hail & the too hot or too cold days. One year it rained on us 7 days in a row.

What a Blast!! The scheduled concerts & other stuff were fine with the exception of the surprise Elton John final night performance. Who in their right mind would schedule a Brit and a gay one at that, at a biker rally? We got smart that day & sold our tickets for more than we paid. The most fun were the street parties.

The residents were so friendly & the cops went out of their way to be helpful (see **Sktzo** and the friendly cops) and even joined in the fun, doing wheelies & taking pictures at our request.

**Flashers** got smiles, not tickets. We met up with **KC & Slider** who were commuting back & forth to Chicago. **Chopper & Pam** stopped by for our usual am **Bloody Marys** **Jim & Rip** from Carolina stayed a couple of days. Weather was perfect.

On the way home we stopped in Durango Four-Corners) & took the 3 hr. train ride up the mountain to Silverton. We had ridden the bikes up on a couple of previous trips but this way we got to take in the gorgeous scenery. The great **Bloody Marys** on the way up were only surpassed by the **Margaritas** on the way down.

Got a call from **Hammer** who said **Sic Wit** was there riding with the **Keystone** guys. He must have borrowed a ride since he had e-mailed that his had bit the dust.

## BATCHELOR / BATCHELORETTE NIGHT OUT

We were still on the road during **Jays** Batchelor night out. (Every one is always very Hush Hush about those.) The girls took **Wendie** to Olympic Gardens. I was told what a good time it was but it works both ways & I'm not telling. Guys & Gals met up later at the **Cheyenne Saloon**. Riding in **Kimmi's** car; **Scout**, **Taz**

and **Ghost** when some idiot aliens decided to throw rocks.

**Taz** chased one down at the far end of that huge parking lot and admitted he was too tired to punch the guy so he just kept a choke hold on him until help arrived. **Scout** got stabbed in the arm and **Bull** got knocked over by their truck as they were trying to get away. These stupid assholes came back with more idiot alien reinforcements but left quickly when faced with about 20 very pissed off OLD BASTARDS. The cops got them the next day, thanks to in large measure, **Bags** and **Ghost**.

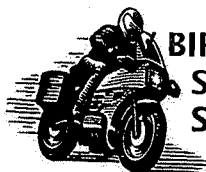

Leave it to my Boss **Hershel** to be the one to find a new bar that meets our needs. Fittingly called "End of the Road".

**BIKERS FOR BOOBS**  
**SUNDAY, NOV. 9TH**

The **BOOB RUN** will end at the "End of the Road" Bar with food, band, door prizes, \$500. best poker hand, and an awesome run pin. Mark your calendars for **Sun. Nov. 9<sup>th</sup>**. This is our charity run and we expect 100% participation or a very good excuse. The volunteers who were to put out the flyers should have already done so. If you run out, call **Sktzo** & he will get you more. If anyone is some place that should have flyers & doesn't, also let him or **Jay** know.

**BIKEFEST FREEMONT**  
**ST.**  
**SEPT 12TH**

Sighted at the Cashman Field vendors were **Psycho Clown** and **Wrigley**. On **Freemont St.**, we met up with **Jeff, Taz, Hershel, Duke, Painless, Rotten Rob, Dan, Belinda, Pigman, Tracy, Rocky, Amanda, KC, Slider, Scout, Kimmi, Bighorn, Czarina,**

**Chopper, Pam, Bull, and Black Dragon.**

Another great party!!

**QUESTION: WHAT IS IT THAT YOU CAN GIVE AND KEEP AT THE SAME TIME?**

**Answer at end of Newsletter**

*Two families move from Afghanistan to America. When they arrive, the Fathers each make a bet: In a years time. whichever family has become more American will win. A year later when they meet again, the first guy says "My son's playing baseball. I had a McDonald's for breakfast and I'm on my way to pick up a case of Bud for tonight. How about you?" The second guys says, "Fuck you towel-head!"*

**THE BIG WEDDING - JAY & WENDIE**  
**SEPT 13TH**

Beautiful evening, gorgeous Bride & handsome Groom & of course we have to say **Nick** looked good in that Tux. Lots of scrubbed up Old Bastards & Bastarettas. The ceremony was serious but festive as well. The beautiful setting was fitting to the couple. In a class act, **Wendie** arrived with her two Fathers in an old touring car. Vows were very romantic. I'm not sure what **Jay** meant by "lawfully redded wife" though. We all wish you a long life full of happiness together.

**Sktzo** (the perpetual 17 yr old) along with **Ralph, Chaos** and **Ghost** giggled through the whole thing. A cooler of beer might have had something to do with that.

The open bar was very popular. Guess who vaulted chairs to be 1<sup>st</sup> in line at the buffet? Anyone out there have a picture of **Joker** and **Cowboy** slow dancing? **Taz** was overheard asking the Minister for a date. Spotted, the ladies in skirts showing their underwear except for **Renegade** who wasn't

wearing any. The nurses motto "be prepared".

After the wedding, me, Sktzo and Taz said, "well, let's just have one more..." Later that night yours truly was found leaning upright against the wall in the bathroom of the Green Valley Ranch but Taz was the one 86'd from the bar, followed by me and Sktzo. Our demise was "Dirty Martinis." He spent the night but we started over again the next AM and Steve and Ghost followed by Hershel had to come to the rescue. You can imagine, some rescue!

My inner child is grounded until she learns how to handle her liquor. I promised my Doctor - OK-OK I'll slow down on the partying, NOT!

Wendie and Jay would like to thank everyone for being there and sharing their special day.

#### HUMOR FROM RUFUS

**Why don't women blink during sex?** *They don't have enough time.*

**Why do men snore when they lie on their backs?** *Because their balls fall over their butt hole and they vapor-lock!*

**Why does it take 1 million sperm to fertilize an egg?** *They don't stop to ask directions!*

**Why were men given larger brains than dogs?** *So they wouldn't hump women's legs at cocktail parties.*

**Why were men put on Earth?** *Because a vibrator can't mow the lawn!*

#### **BIRTHDAY CELEBRATION**

Ghost, Kibbles & Q-Ball celebrating their birthdays at a

good OLD BASTARD party at the Cactus Club Bar.

*Show me someone who adds insult to injury and I'll show you someone who hits you in the face with a frying pan and then calls you ugly.*

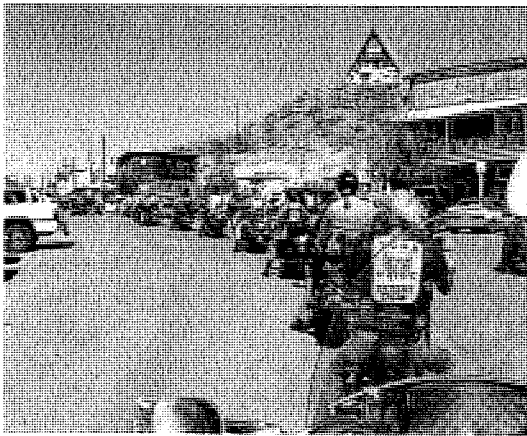

From the  
Keystone Tribe  
(Now an  
official Tribe and wearing  
their Patch everywhere)

**THIS REPORT FROM HAMMER:** Carolina visits Keystone on Fri 10-3. Big Mike brings along 13 OB's and Sic Wit makes the trip from Connecticut. We head to the neighborhood bar and stayed till last call.

The ride planned for Sat. got drowned in the heavy rain which has been the usual weekend thing here so we proceeded to set up the tents. I think somewhere it is written: "no setting up tents until it starts raining." We followed it to a tee.

Back to the bar - Beer & breakfast - a feast and nice to see everyone enjoying food at the same sitting. Cricket sure was smiling. Out in the rain Sic Wit observes an oil slick that's trying to consume my driveway. Oh shit! It's coming from his new FXR. Sic wit vaguely remembers he may have over revved the bike the night before. Easy fix, blown oil filter seal. FXR lives, driveway is dead.

Prospects: Sarge, Lucky Dog, and Bandit receive their new partners (fish) & eagerly engage in their first task, splitting the wood for tonight's fire. Their new found buddies made this a bit difficult, but did succeed. Keystone has trouble getting the fire started for the ceremony. Reverend says wet wood, I say more gas, Rip says more holes, each about 9mm. Three new brothers and back to the bar. Suddenly a psycho bimbo from hell joins in. Yellow Dog heads for the hills and a "safety meeting" is called, ahhhh. All is well & it's closing time again. Thanks guys, you all were a big help.

**YA HOO!!! IT'S THE MEMORIAL RUN WEEKEND:**

**OCTOBER 10TH**

It only took 4 ½ hours to go 100 miles to the Avi. The corner bar was busy before, after & during mealtimes. The seafood buffet was a killer and Keystones' Reverend was a sight to behold. Every time he opened his moth, the light went on. Jeff's room was baseball central. You could hear Wrigley "Cubs Rule" from the bar.

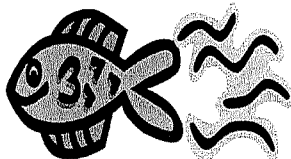

*Some reasons you might be a redneck sportsman:*

*Your carpet used to be part of a football field.*

*You think the "Bud Bowl is real.*

*You wear a baseball cap to bed.*

*Your biker club has its own fight song.*

Friday night's Initiation was very unusual. We might have called it swimming with the fishes. Midway has a new brother & welcome to **Joker & Lil' bit** of our Desert Tribe.

A couple of "NATIVES" fishing got annoyed with a few OB's after which they decided to beat up on Tucson's Pres. **Marty's** truck. The Indian Police hauled them off but that didn't do much for the truck or **Marty's** inconvenience. 'ASSHOLES'.

**Big Horn (aka) Billy Bob**, informed us whenever he checks into a hotel he always smells the

sheets midway down. He says he can tell if the sheets are clean if they don't have a 'fart smell'. Other than the brown spot on his nose, he was OK with the sheets except that no matter what the situation of the sheets, I don't think he spent much time in them.

We had 71 rooms filled & 78 bikes on our run to Oatman after the memorial ceremony by **Jeff**. **Cap't Tom** who led along with **Jeff** & all the other clubs Presidents, would like to thank old timers **Jay, Mark and Duke**, along with **Wrigley** for their road guarding skills which got us all there safely. Not an easy task with that many bikes. We had our usual good time shopping hanging out, etc.

**Q-Ball** defended himself and the patch when some dirt bag local tried to push him off his place at a bar. Cops were called but all was well & he kept his spot. Moral: Don't mess with the Q's place when he's drinking.

Back to the Avi - some into town for a meal - more baseball - to the bar - a safety meeting - more bar. **Myself, Slider, Knucklehead** testing out skills walking a straight line. It seemed 300 ft. high. Then we played who could bend over & put their hands flat on the floor. Very ladylike Old Bastarettas. Usual bedtime for **Marty, Hammer, Ghost and Rotten Rob** was reported to be about 5:30 AM. 98% of the Desert Tribe was there. I had a wonderful time with one exception: **Brother against Brother - It ain't right -- EVER!!!**

We all left Sun AM at various times, the majority about 10:30. **Sktzo & I** stopped at Cal-Nev-Ari for a great breakfast & then at Terrible's where **Hershel, Ming, Cal** & their ladies were hanging. After that we hooked up with **Jeff** & a few others at the Tribe run. Not a big turnout which was too bad as they had gone all out with lots of prizes, food & many vendors.

**CHUCKLES FROM MACK:**

*It's always darkest before dawn, so if you're going to steal your neighbor's newspaper, that's the time to do it.*

Sex is like air, it's not important unless you aren't getting any.

No one is listening until you fart.

If you think nobody cares if you're alive, try missing a couple of payments.

If you lend someone \$20 & never see them again, it was probably worth it.

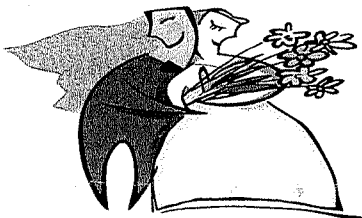

Never, under any circumstances, take a sleeping pill & a laxative on the same night.

If at first you don't succeed, skydiving is not for you.

Pigman would like to know if anyone knows a Butcher who can help him cut up a cow.

#### SPEEDY RECOVERY

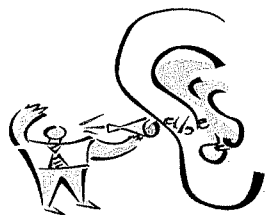

Kibbles is going into UMC tonight 10-16 for a very serious back operation. She will be there several days and is in for a couple or more months of recovery. She will be there under "Jill Ross". 2 Dogs will still have to work so she could

use some company if you can get there. If not, cards can be sent to **Kibbles Wilson, 1134 Puffin Ct., N. Las Vegas, 89031.**

I found a napkin from the Avi in my purse where she had attempted to write "I love my sisters" 50 times. She's a good Prospect so let's show her the Love.

Speaking of Prospects, we **welcome Steve.** He's been hanging for several months and we're happy he wants to be our brother.

It's good to see **Hershel** out and about and also **Butch.** "...how tight a man can be"

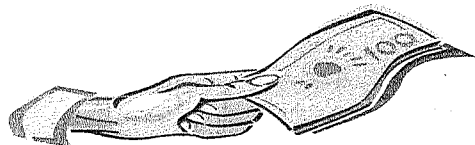

**LISTEN UP:** If you're always thinking about yourself, you'll rarely look out for anyone else. Soon you'll run out of people who will look out for you. To have a friend, you have to be a friend. That's an old Irish saying, and at times the Irish do know what they are talking about.
